CREATE MAGIC MOMENTS
WITH
Disney | PIXAR | STAR WARS | MARVEL

The Play Scene Environments are shown with 4" figure playsets, which are available for purchase at shopDisney.com while supplies last. Each kit can be scaled up so that you can create a Play Scene Environment for larger toys, such as 12" dolls and 15" action figures. Adult participation and supervision is recommended.

Disney Princess Castle

What You'll Need

One Large Box **Two Small Boxes** **Safety Scissors** **Tape or Glue**
Paint or Markers **Paper Towel Rolls & Toilet Paper Rolls** **Toothpicks**

1. Remove all shipping labels and tape from delivery boxes.

2. Using tape or glue, affix the small boxes to the top of the large box to create a basic castle shape.

   (Optional Step - paint or color the outside of the boxes.)

3. Print out the decorative elements and, with supervision, carefully cut along the dotted line.

4. Using tape or glue, affix the printed elements to the top of the castle. Atop one of the small boxes, fold and affix the pyramid rooftop.

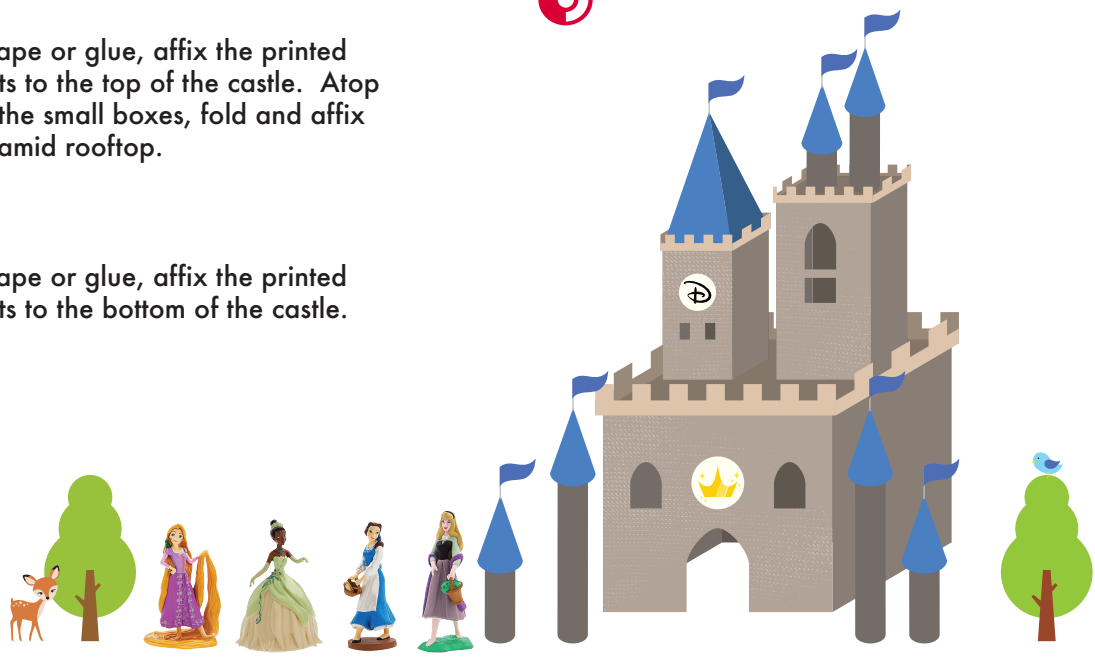

5. Using tape or glue, affix the printed elements to the bottom of the castle.

6. Secure conical rooftop into a cone shape using tape or glue. Affix conical rooftop to the top of a towel roll or construction paper cylinder to create a tower. Using tape or glue, secure flags to a toothpick and affix atop each tower. Place towers around the castle and atop one of the small boxes.

7. Decorate with trees and paper animals.

   (Optional step - secure decorative elements upright using a small piece of cardboard as backing.)

8. Pose your figurines and let your imagination soar!

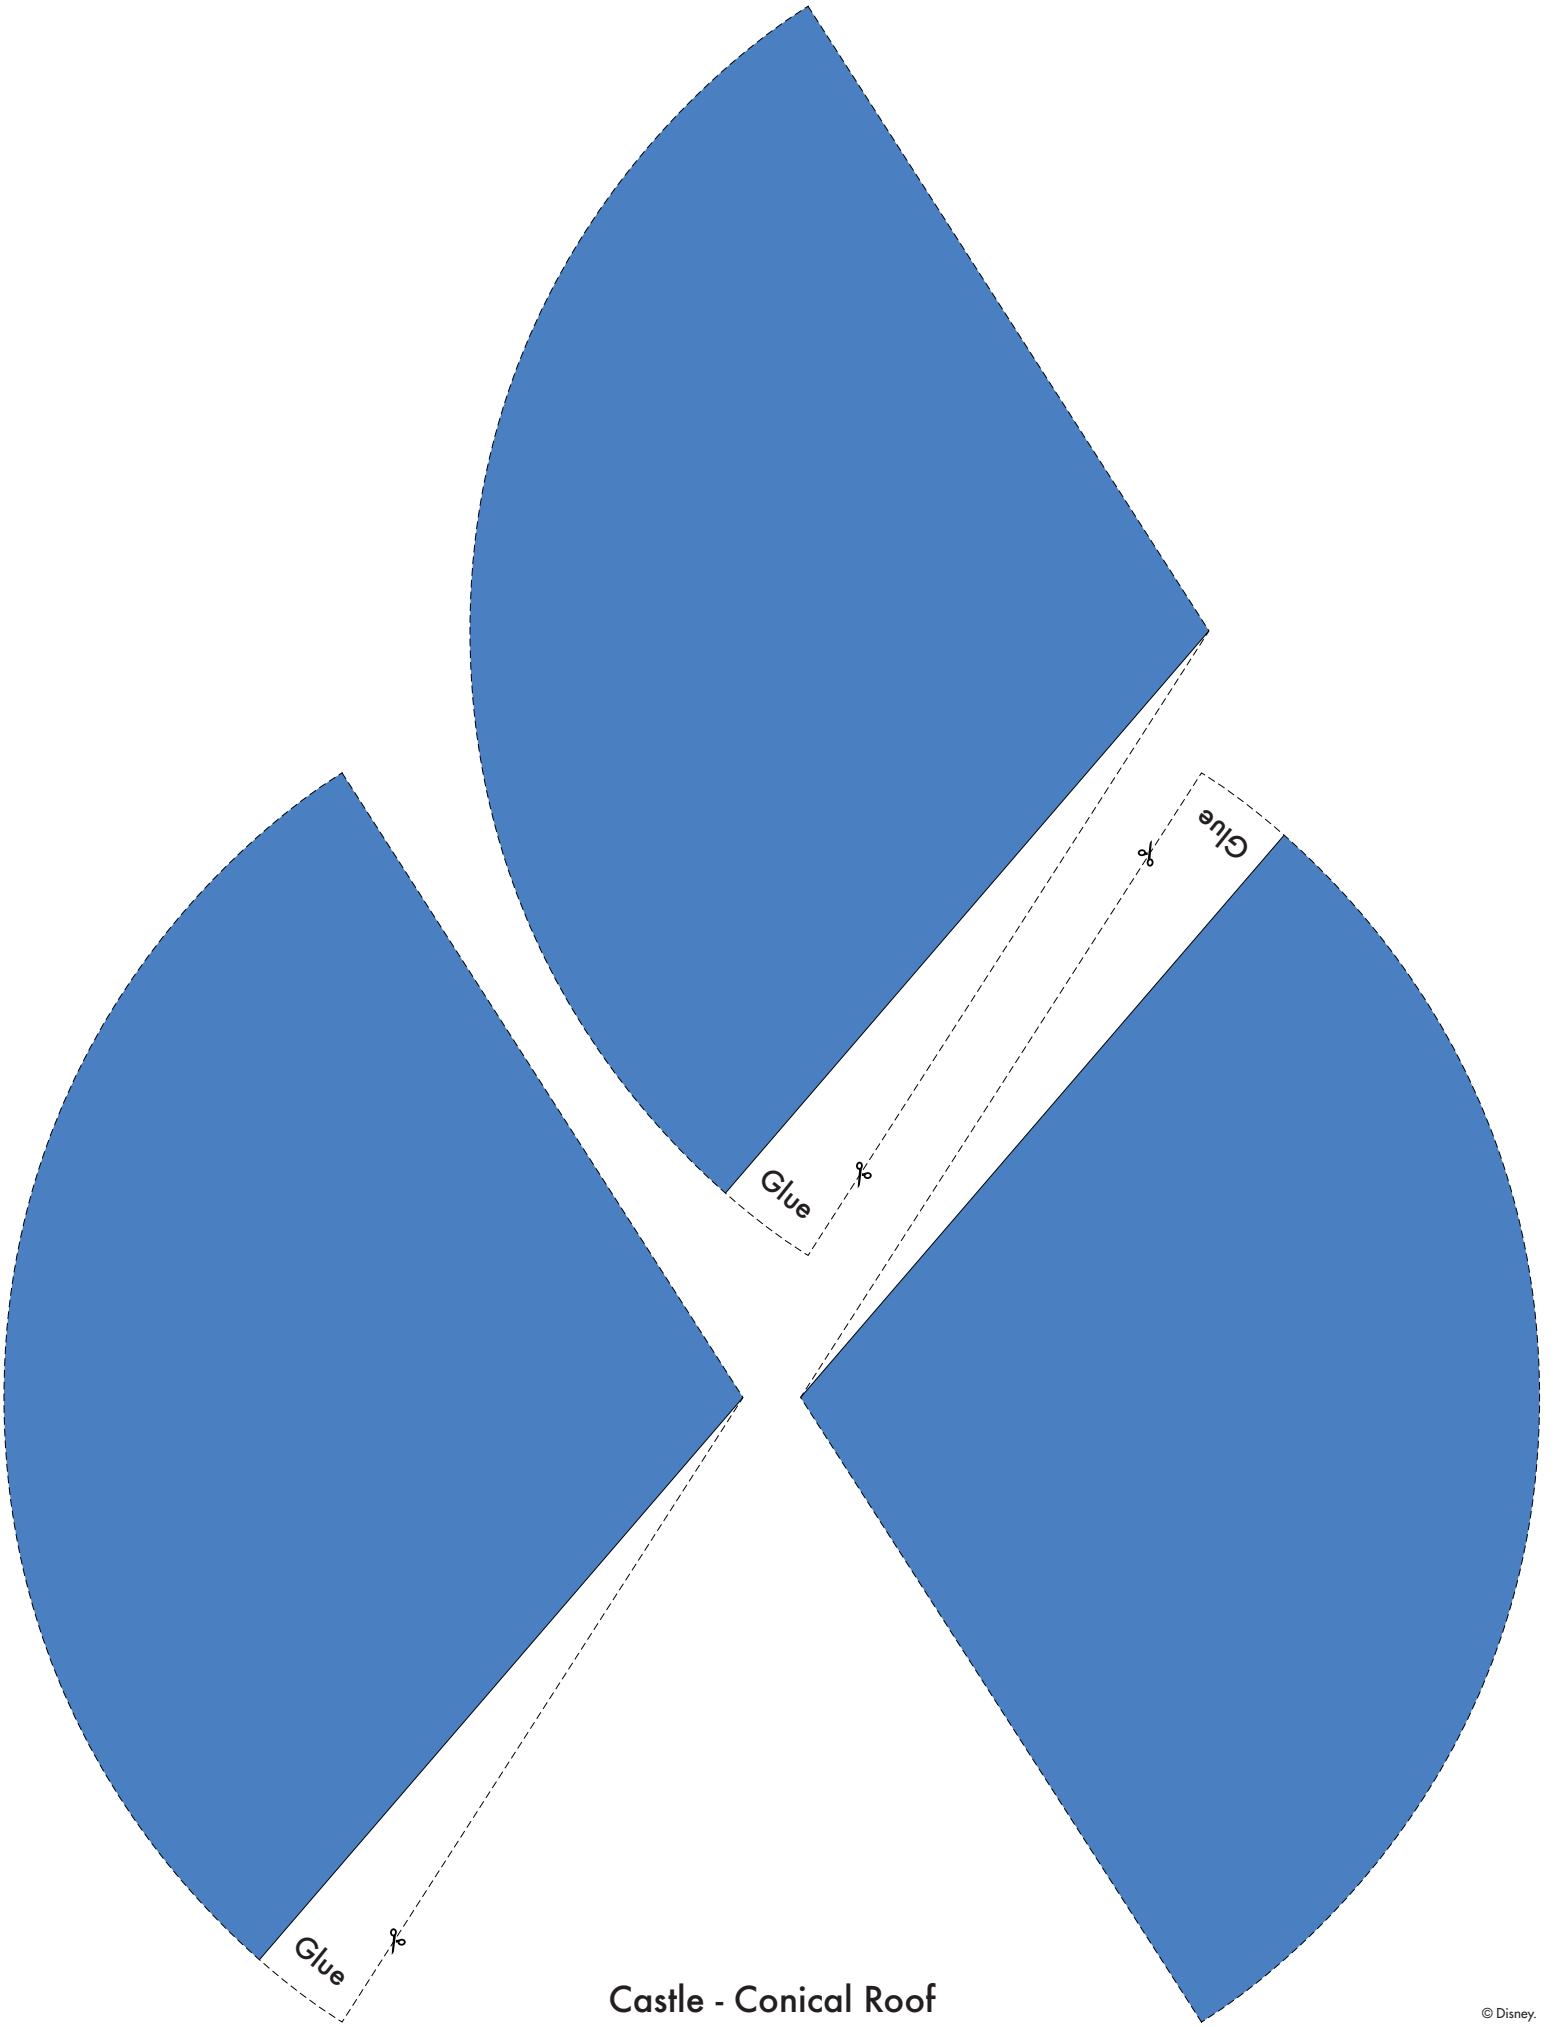

Please Note: When cutting with scissors and working with any of the materials listed above, adult participation and supervision is recommended. Products shown are 4" figure playsets, available at shopdisney.com, while supplies last.

Tatooine from STAR WARS

What You'll Need

One Large Box
Paint or Markers
Safety Scissors
Tape or Glue

1. With supervision, use scissors to cut along the corner folds so that the delivery box lays out flat.

2. With supervision, use scissors to remove the lid, bottom, and one of the long side panels. Placing the structure on its side, you should be left with a panoramic backdrop featuring one long panel in the middle and two smaller side panels.

3. Using paint or markers, paint the Tatooine sky onto all three panels using gold, purple, and light blue.

4. Print out the background elements and, with supervision, carefully cut along the dotted lines.

5. Using glue or tape, affix Backdrop 01 elements to the left panel with the mountains in the background, the hut in the middle, and the Landspeeder and Moisture Vaporator in the foreground.

6. Using glue or tape, affix Backdrop 02 elements to the middle panel with the mountains layered at the bottom and the Twin Suns in the sky.

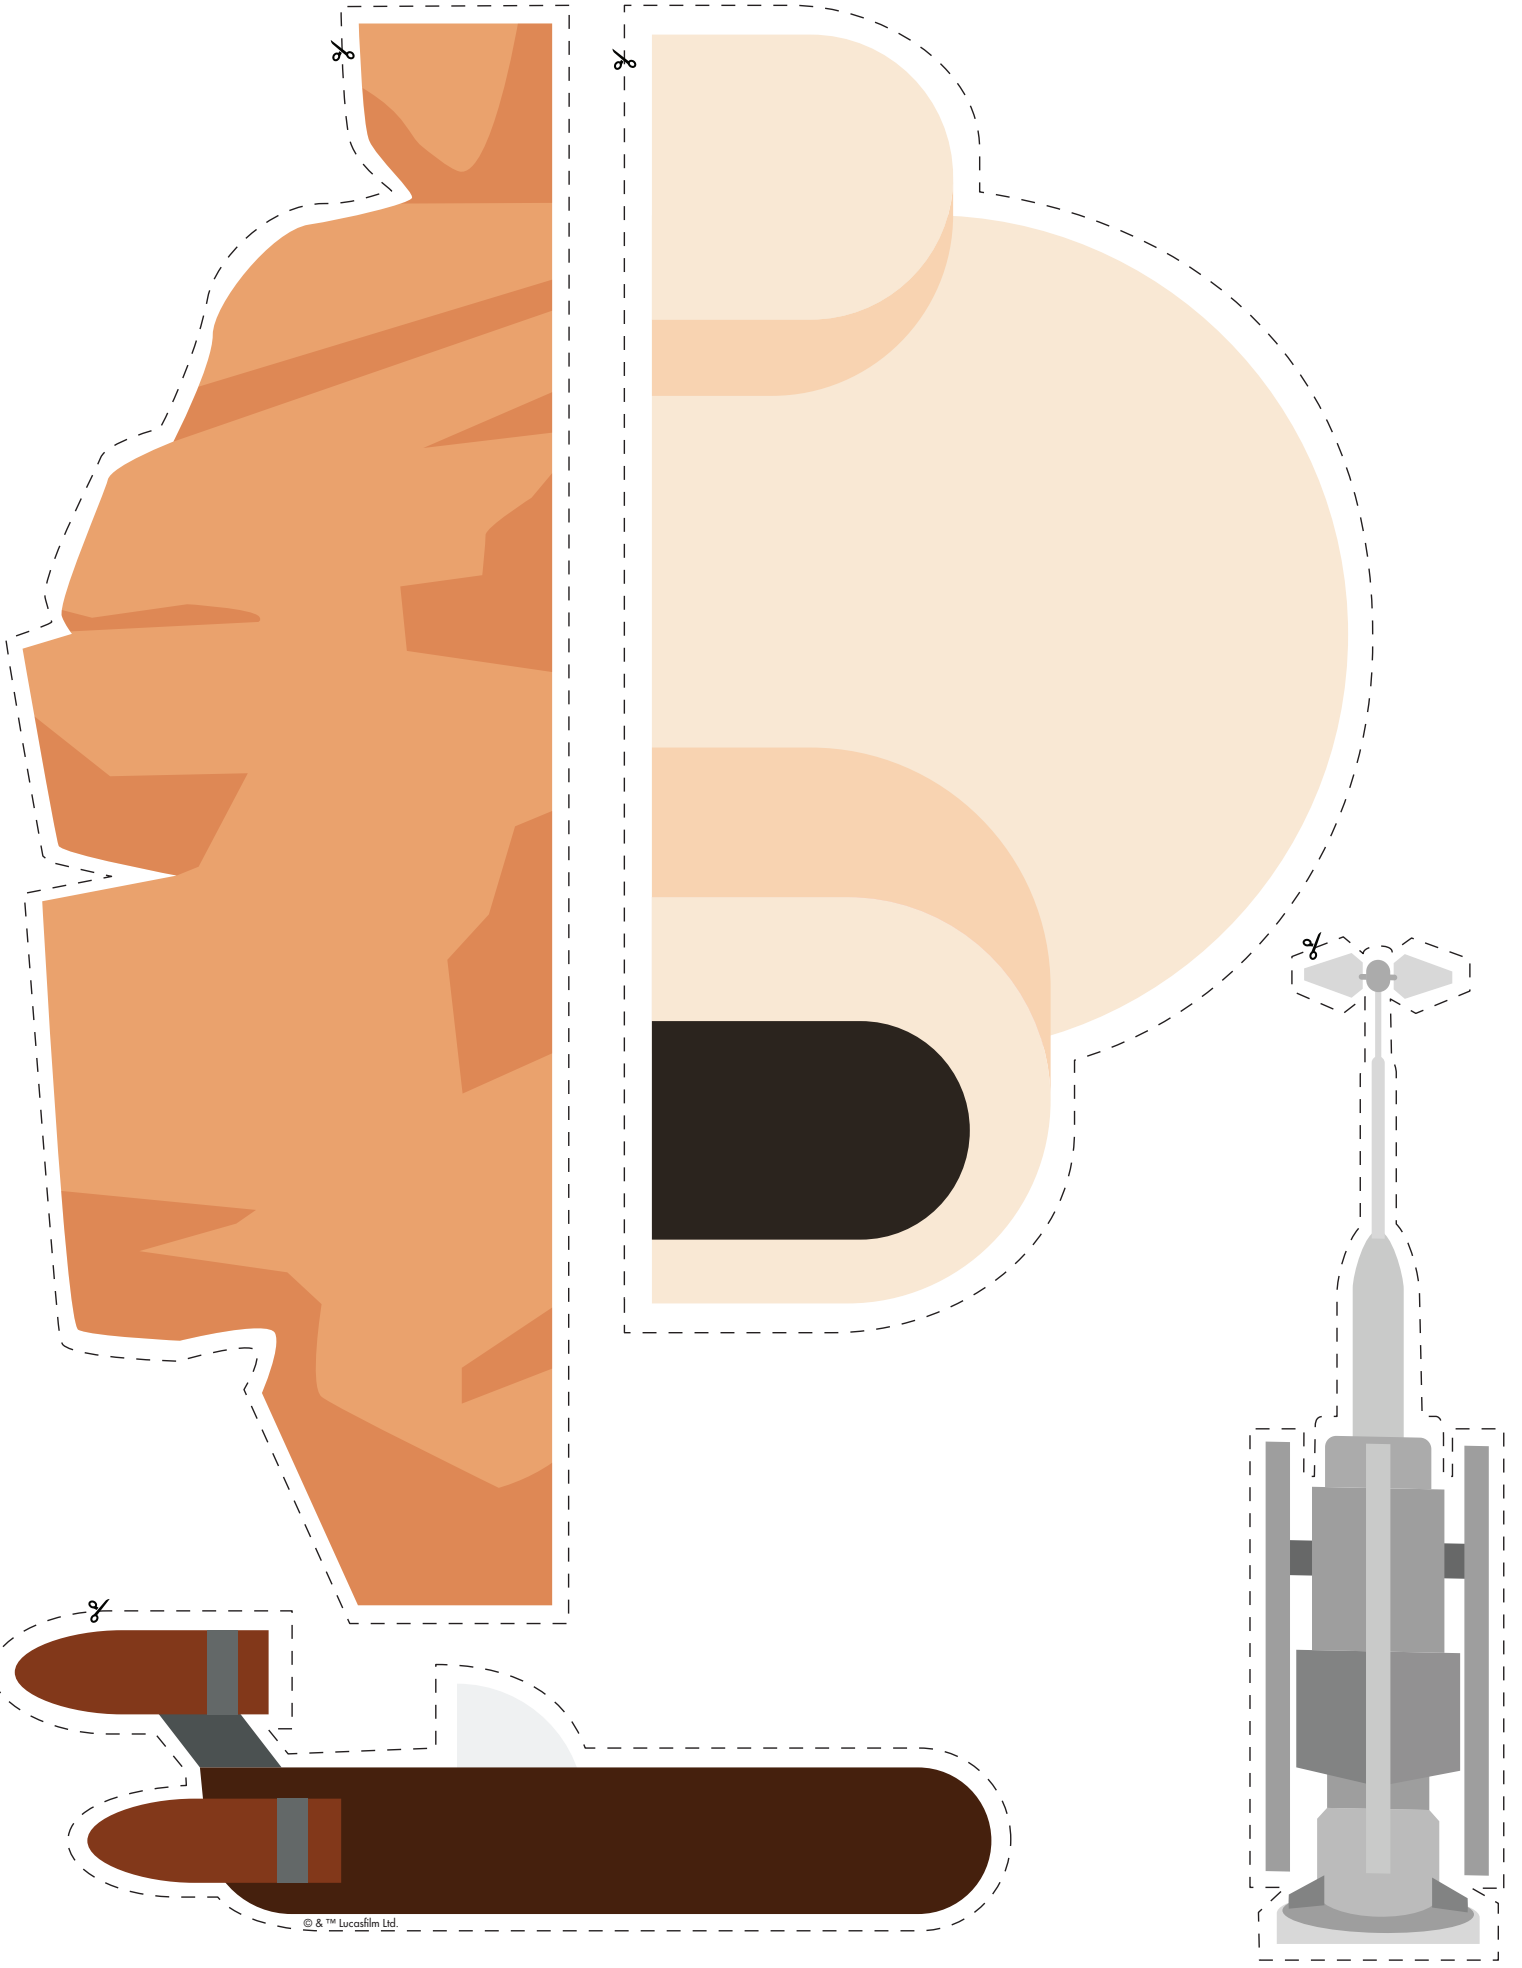

7. Using glue or tape, affix Backdrop 03 elements to the right panel with the large building in the background and the smaller buildings in the foreground.

8. Pose your *Star Wars* figurines and get ready for an intergalactic adventure!

Please Note: When cutting with scissors and working with any of the materials listed above, adult participation and supervision is recommended. Products shown are 4" figure playsets, available at shopdisney.com, while supplies last.
